

Kim Stiner

Golf Lesson Zone

at *The Olde Course*

Loveland, Co

Interested in learning to play golf or improving the game you already have ?

FUN GROUP LESSONS or PRIVATE LESSONS AVAILABLE

Put your own group together with your friends, co-workers or family
and send me a text at 970-227-2692 to schedule.

I have a flexible schedule and can provide you with clubs if you don't have your own.

My Teaching Philosophy: Fit the swing to the person instead of forcing
the person to fit a specific swing. Everyone's body moves differently

BioSwing testing system tells me how your body pivots, moves and swings in its most natural way

Golf is a lot more fun when the swing fits you*

BioSwing Dynamics was designed by World Teaching Hall of Fame Instructor Mike Adams and partner E.A.Tischler

BioSwing is for everyone, beginners and skilled players

* I also specialize in short game improvement = lower scores *

*Skills testing to see where you are adding on unnecessary strokes *

My office is located at The Olde Course

Look for the building with double white doors with yellow Girls Golf Banner, east side of parking lot
